

2025 Humanities Centers Initiative Fellowship Application

The Humanities Centers Initiative (HCI) Fellowship is an innovative statewide partnership between Humanities New York and a network of humanities centers based at nine New York State universities. Launched in 2012, the HCI Fellowship supports humanities institutes, faculty, and graduate students in their commitment to public engagement. The Fellowship offers support for humanities graduate students as they explore the public application of their scholarly interests. Each grantee designs and implements a public humanities project in collaboration with a community-based partner.

Applicant Information

The applicant name and email address listed below is taken directly from your portal account registration information. If you would like to change this information, please email programs@humanitiesny.org.

Applicant Name

Applicant Email Address

* Applicant University

Project Information

* Project Title

* Project Abstract

* Project Description

* Project Team and Community Partners

* Project Plan and Timeline

*Please note how much you are requesting. You will be asked to upload a more thorough budget for the project below.

* In the drop down menu there are a set of keywords that might be used to describe your project. **Please choose the best 3 that match the project in some way**; these will be useful in helping the grant committee compare and evaluate applications as well as categorizing awarded grants for future advocacy purposes.

* Which population(s) will this project primarily serve? **Please make up to 3 selections.**

Documents

The application requires two documents: the **Resume/CV** of the applicant and a **Draft Budget** for the project. The template for the Draft Budget can be [downloaded here](#). Both can be uploaded by selecting the paperclip icon below. Any application that does not include both documents will not be considered.

* Resume/CV

* Project Budget
